

## **\*NOTICE\***

# PROHIBITION ON USE OF CLENBUTEROL

Effective September 10, 2018, in accordance with 16 TAC § 319.3, clenbuterol shall be prohibited for use in race horses of ALL breeds. The maximum permissible concentration for the drug clenbuterol will change from 140 pg/ml of urine to level of detection in urine. The level in serum or plasma shall remain at level of detection. **Therefore, any post-race sample submitted to the TVMDL for drug testing shall be reported as positive if there is any level of clenbuterol detected in the sample.**
