- UT Brazos Garage

PARKING MAP FOR STATE EMPLOYEES ONLY in the Capitol Complex (Violators will be fined and towed)

https://tspb.texas.gov/plan/maps/doc/capitol_complex_parking_map.pdf

ADA Parking ([Map](#))

VISITORS with disabled placards or plates can park free of charge at any meter on the street and can also park in any space marked by the blue and white wheelchair sign.

There is one space by the elevators in Garage R on the bottom three levels and three spaces on Brazos breezeway by Garage P on before entering the garage.

There are also designated spaces on 18th Street next to the Central Services Building (CSB) and two 2-hour visitor parking spaces in CSB Visitor Lot.

Lot 19 has three public disabled parking spaces available.

EMPLOYEES with disabled placards should request a separate DPS Parking Permit for access to red/disabled parking in the State garages. Each parking garage has at least the required number of spaces located on lower levels or adjacent to elevators.

DPS and TFC have painted additional red spaces in Garages Q and R located on the lower levels.
